

MSBA 5508 Group Project Instructions

Part I: Research Proposal

This proposal must include the following:

1. Research objectives and/or questions
2. Research hypotheses
 - a. Each hypothesis should include (1) variables, (2) relationships between variables, and (3) types of relationships.
 - b. Each hypothesis should be testable.
 - c. State a minimum of three hypotheses
3. Description of data (or information) needed to test the proposed hypotheses
4. Potential data sources

Each team should submit the proposal on Moodle. The report should meet the formatting guidelines below.

1. Acceptable file formats are Word and pdf.
2. One-inch margin
3. Times New Roman
4. Single spaced
5. Font size 11
6. Minimum two pages

Part II: Analysis Report & Presentation

This report must include the following:

1. Title page, including your title and team members' names
2. Research objectives and/or questions
3. Research hypotheses
4. Data source and background information (e.g., who collected the data, how the data was collected, the purpose of the data collection, sample size, sample description, etc.)
5. Data information (e.g., variables' names, used scales, statistical treatment (if applicable), variables' definitions, etc.)
6. Used analyses (e.g., ANOVA, MLR, etc.)
7. A table summary of findings
8. Discussion of findings

Each team should prepare this report with PowerPoint and submit it on Moodle. Each team will use the ppt report for its presentation. If you use Google Slide, download it in a pdf or ppt file for your submission.
