02

Objectives and Hypotheses

Objective 1

Identify any significant differences in graduation goals for each ethnicities.

Hypothesis #1

Null

There are no significant differences for each ethnicity in graduation goals.

Alternative

There are significant differences for each ethnicity in graduation goals.

Objective 2

Identify any significant differences in worries for each ethnicities.

Hypothesis #2

Null

There are no significant
differences for each ethnicity
in worries.

Alternative

There are significant
differences for each ethnicity
in worries.

Objective 3

Identify any significant correlations in graduation goals between STEM and non-STEM majors.

Hypothesis #3

Null

There is no significant correlation between STEM and non-STEM majors in graduation goals.

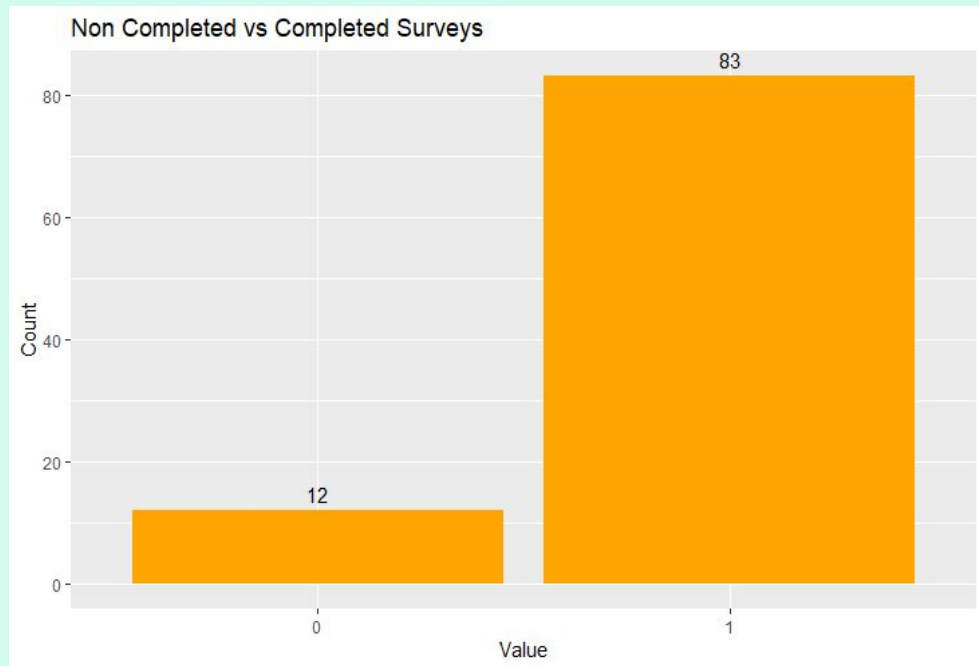

Alternative

There is a significant correlation between STEM and non-STEM majors in graduation goals.
